CALLANDFLY

## WHY TO CHOOSE CALL&FLY?

- ✦ Fleet of over 25 aircrafts and helicopters ready to depart.
- ✦ 85 airports available in Poland + several hundreds in Europe.
- ✦ Availability 24/7, quote in 15 minutes, takeoff in 2 hours from confirmation.
- ✦ Arrivals at city center airports, always closest to your destination.
- ✦ Date and time of the flight set individually according to your needs.
- ✦ Check-in via VIP terminals or Fast Tracks, no queues, no waiting.
- ✦ Time from arrival at the airport to takeoff not longer than 15-30 min.
- ✦ Luggage within reach, less limitations and content restrictions.
- ✦ Catering as you like it, daily newspaper in your language.

Call&Fly provides Air Taxi services, private aircraft and helicopter charters on demand across Poland and Europe.

# VIP CATERING

ON BOARD

The flight is not only about transport, it is primarily an experience that we create very carefully from details. We do our best to make you feel relaxed in our quiet aircraft interior, but most of all to bring you the best inflight dining experience by the SkyChef cuisine masters, prepared exclusively for each flight according to your wishes.

SIT BACK, RELAX  
AND ENJOY THE COMFORT OF YOUR JOURNEY

# YOUR FLIGHT

HOW TO ORDER?

Contact us at our 24/7 hotline: **+48 500 803 800** or through: **booking@callandfly.eu**. Tell us where you wish to go! We'll send you our proposition in 15 min. and be ready to fly within 2h from confirmation.

At the airport our Capitan will meet you in the **VIP terminal** to make sure your security check is quick and comfortable. From this moment we need about 15-30 min. to be airborne.

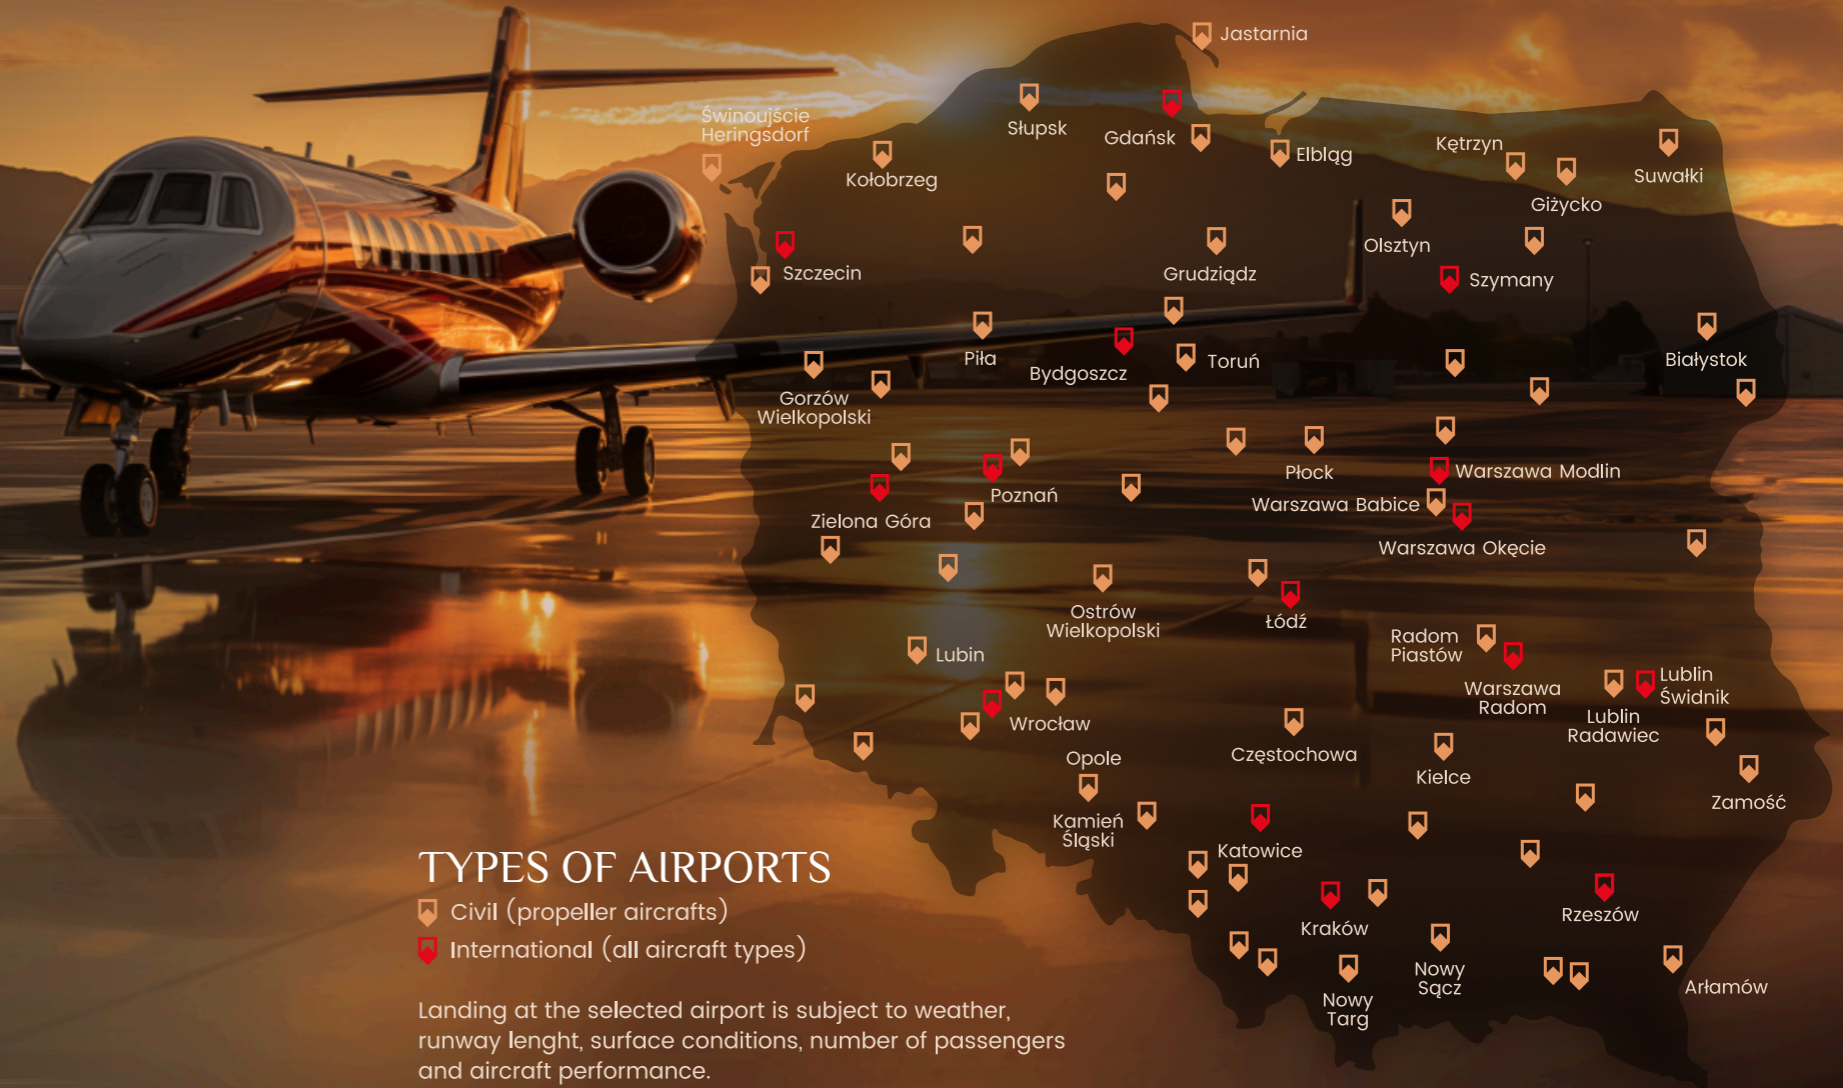

When aboard please **feel like at home!** Your seat is wherever you wish, catering exactly as you like it, press in your language and our crew always happy to assist you during the flight.

And finally, we will land at the airport closest to your destination, so you can **save time** both in flight and on the ground.

# AIRPORTS

IN POLAND

## TYPES OF AIRPORTS

- 📍 Civil (propeller aircrafts)
- 📍 International (all aircraft types)

Landing at the selected airport is subject to weather, runway length, surface conditions, number of passengers and aircraft performance.
